

Adult Immune Protection Package-\$130.97

Daily Immune

A comprehensive immune support formula, featuring wide-range vitamin, mineral and herbal support

- Supports immune system function
- Helps to activate immune cells and maintain healthy activity
- Made with vitamin C, quercetin, elderberry, astragalus, zinc and other essential vitamins and minerals
- Made with hypoallergenic, vegetarian ingredients

Beekeeper's Propolis + Vitamin C

Supercharge your immune support with a liposomal formula delivering 100mg of propolis and 1,000mg of Vitamin C.

Liposomal delivery system offers optimal absorption & maximizes usability and bio-availability.

Propolis supports your immune system with antioxidants, zinc, iron, B vitamins, and over 300 other beneficial compounds.

Naturally contains flavonoids and polyphenols that fight free radicals and combat oxidative stress.

Vitamin C provides extra defense for a healthy immune system.

N-Acetyl-I-Cysteine (NAC) is a cellular antioxidant support that specifically promotes healthy lung tissue.

- Supports cellular antioxidant defense system*
- Promotes healthy lung tissue
- Made with hypoallergenic ingredients
- NAC has a high affinity for lung tissue, which it supports through mucolytic and antioxidant action. NAC thins mucus. It is a powerful free radical scavenger and thus supports the body's natural defense system.
